

# WORTH PARISH COUNCIL

## BUSINESS PLAN 2025-2028

## **About Worth Parish Council**

Within Worth Parish there are two villages – Copthorne and Crawley Down. Combined, we have a population of approximately 11,000 and are the largest parish in the Mid Sussex District.

This area is currently covered by three councils – West Sussex County Council, Mid Sussex District Council and Worth Parish Council.

Following the Local Government Review, Worth will no longer be served by West Sussex County Council and Mid Sussex District Council, but by one single Unitary Authority. Worth Parish Council will remain, although it may take on more assets and services currently offered by the other councils.

## **Mission Statement**

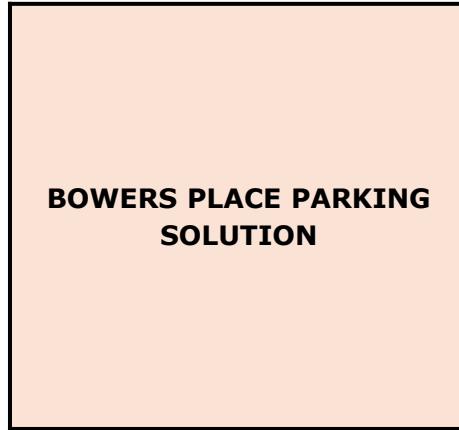

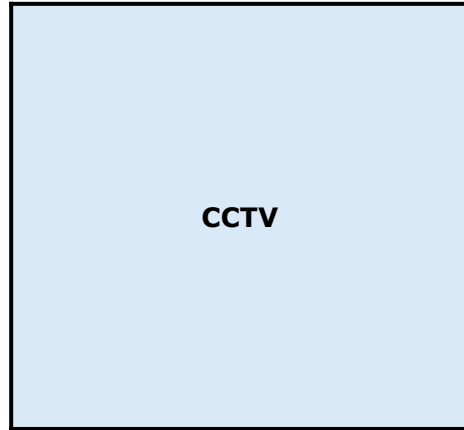

*To identify, support and provide resources for initiatives that develop and maintain the delivery of efficient and cost-effective services and amenities for our community.*

*Our priority is to ensure a true "village feel" and that Crawley Down and Copthorne are safe, attractive and enjoyable places for our existing and future residents to live.*

**Community – Environment – Youth –  
Security – Village Centres**

## Strategic Priorities (2025–2026)

These are the top projects we're focusing on first:

**CCTV Expansion** - improving safety across both villages

**Bowers Place Parking Solution** – addressing local parking challenges

**Copthorne Recreation Ground Rejuvenation** – installation of multi-use games area and new playground

**Crawley Down Play Area Improvements** – enhancing play spaces

## Action Plans

We're developing detailed timelines for projects in:

**Copthorne** – war memorial, improvements at Lashmere, opening up Copthorne Brook, improvements to footpaths and roads, additional sports facilities

**Crawley Down** – village centre upgrades, Worth Way pond improvements, Royal Oak solution, road improvements, comprehensive cycling routes

**Council-wide** – youth services, asset management, neighbourhood planning, street lighting, Local Government Reorganisation, civic pride & developing resources
